Portable Meat Moisture Meter LD-LMMM-A10

Overview

Portable Meat Moisture Meter LMMM-A10 is a hand-held device which quickly and accurately detects water content in the meat. It is essential to have optimized water content in the meat to obtain better quality and safe products along with profits. Instant reading, easy to use, digital display etc. are some of the features which makes it highly convenient for the user.

Features:

- Portable and compact device
- Speedy display of results
- Back light digital display
- Saves time and expenses
- Least maintenance
- Variety of objects can be tested
- Carrying case provided

Applications:

It is used to measure the moisture content in poultry meat, food processing units, high-end restaurants etc.

Specifications:

Display	3 LCD (with back light)
Humidity	< 90% RH
Dimension	180 × 50 × 28 mm
Sampling Time	< 2s
Supply Voltage	9V (6F22 battery stack 1, must be bought separately)
Power Consumption	approx. 45 mW
Ambient Temperature	-5 to 60°C
Measurement Object	Poultry meat (pork, beef, lamb, chicken, etc.)
Moisture Measurement Range	10% to 90%
Repeatability In The Range	70 to 78% ? 0.5%
Measurement Error In The Range	70 to 78% ? 1.0%
