Cube Ice Makers (A Series)

Cube Ice Makers-A series

Cube Ice maker series comes with insulated ice storage bin and door which minimizes air condensation and water formation on equipment surface. It produces steady and similar shape ice cubes with high transparency. It serves safe, hygienic, odorless and best tasting cube ices which can be used for all types of functions. The machine is configured using high quality material and advanced technology at par with ISO and CE standards. It has integrated design for maximum energy saving and water conservation.

Features

- ✔ Constructed with stainless steel and rigid plastic cabinets and other high-quality components
 - ✔ Auto indicator for indicating level of ice and water
 - ✔ Ice shape is steady and similar with high transparency
 - ✔ R404A as refrigerant, high efficiency CFC free compressor
 - ✔ Integrated design for maximum energy saving and water conservation
 - ✔ User-friendly electronic controls, overload protection
 - ✔ Produces edible ice using potable water
 - ✔ Testing conditions: Ambient temp. 20°C, Inlet water temp. 10°C
-

Applications

Cube ice makers are widely used in restaurants and other food service operations for cooling water and beverages. They are ideal for bars to enhance the appearance of alcoholic drinks due to clarity of ice. Often used in laboratories, hotels, marine fisheries, chemical industries, pharmaceutical industries etc.
